

Become a Facewatch Accredited Partner - It's a game-changer for Retail Security

Become a Facewatch Accredited Partner today and profit from this new market opportunity

Stopping theft and improving working conditions for shop employees is crucial to ensuring that your retail customers prosper on the high street.

Facewatch is the first facial recognition system for use in the retail sector that is GDPR compliant and proven to reduce crime. Facewatch is sold as a licensed solution, using standard HD cameras. DVS has become the first Facewatch distributor: together we are building a new network of Accredited Partners to sell and support this game-changing technology.

Benefits of becoming a Facewatch Accredited Partner:

- Your opportunity to be one of the first to enter this new market
- Guaranteed recurring support income for licence lifetime
- 3 years' guaranteed sales commission on every licence sold
- Full training and support from Facewatch and DVS
- Sell an important new value-added solution to all your retail customers

The retail crime headlines:

- Overall cost of retail crime £1.9Bn
- £700m of retail crime is reported
- 90% of theft is unreported
- 1.8% is the cost of this as proportion of turnover
- 79% of crime is by repeat offenders

Facewatch is a cloud-based system that sends alerts when a SOI (subject of Interest) enters a premises. An HD camera is positioned over each entrance to scan every customer entering the premises. If a customer is not matched, their information is immediately removed from the system. Full training is provided on the use of the system to ensure compliance to all GDPR rules.

Retail crime and violence towards shop staff continues to rise at a time when police resources are stretched. Business are increasingly looking for 'self-help' solutions. Recent estimates put the cost of retail crime at £1.9Bn! Read more in the British Retail Consortium's (BRC) annual Retail Crime Survey report: <https://brc.org.uk/news/2019/the-19-billion-cost-of-retail-crime>
