Side Panel Lock System

Removable and lockable side panel simplifies and secures your installation, comprising of Barrel Lock and sliding spring latch mechanism.

Plastic Cable Entry

The standard configuration of the CAB6WB600BLK has a plastic knock-out cable entry on the rear

19'' Device Mounting Rail

Internal numbered uprights with additional built in cable management. Using standard M6 cage nuts.

Front door can be mounted on the left or right hand side using our simple spring latch fixing posts at the top. Durable Fixed grommet rings are used to keep the door on a smooth hinge on the bottom.
