Centinel Pod

All round protection – The new Centinel Pod with AX Pro offers an inexpensive solution to site security. Easily deployable by one person, the Centinel Pod is a reliable and low-cost effective option for a wide range of security applications. Powered by solar and complimented by a battery back-up system, the wireless Centinel Pod is designed with speed and no fuss in mind, the unit can be deployed rapidly, easily manoeuvred in-to position, then left to do its job. The Centinel Pod can be used independently or a brilliant addition to your V-Ceptor fleet.
